BACKPACKING FUEL ALLOCATION CHECK

Build the baseline

Write facts and sources before filling the main table. Do not guess at missing information.

Project or subject

Date or period

STEP 1 Use your preferred specialist stove planner to estimate needs.

STEP 2 Record the intended allocation and the amount physically packed, in the same unit.

STEP 3 Check weather, stove conditions, fuel type and contingency plans independently.

STEP 4 Which fact or document still needs checking?

BACKPACKING FUEL ALLOCATION CHECK

Keep a dated record

Record what actually occurred. Reprint this page whenever you need more rows.

Reference period
